

BOLTON FARM  
MOVING IS NOW  
NEARLY FINISHEDTo Be Located on Kennett  
Square Site of 221 Acres

## EMPLOYEES GO ALONG

EMILIE, Aug. 29 — Moving of the Bolton Farm from this community to Kennett Square is being completed this week. The site of what will be known as "The New Bolton Farm" is a 221-acre tract on what has previously been termed "South Brook Farm".

There will be located the research farm and clinical instruction center for the School of Veterinary Medicine, University of Pennsylvania.

The 221-acre tract contains a mansion house, six other dwellings, two dairy farms, beef cattle barn and some additional buildings.

All employees are or have been transferred, according to announcement made today by officials of the School of Veterinary Medicine.

"The Bolton Farm was sold some time ago, and the moving of material has been going on throughout the summer. It is expected that the moving will be wound up this week," it was announced today. "We must be ready for opening of the school the last week of September."

The Morris Biological Farm of the Wistar Institute, which joined Bolton Farm here, was also closed some time ago with sale of the farm for Levitt houses. It was stated today by officials of Wistar Institute that "no new location has been chosen as yet for the biological farm." Dr. Edmond Farris, executive director of the farm is moving to Hala-Cynwyd.

Girls Assume Official  
Duties For Eight Weeks

FERGUSONVILLE, Aug. 29 — The newly elected officers of Fergusonville Girls' Club took charge of their first meeting last evening for an eight weeks period. Officers elected for the coming eight weeks are: President, Janet Marra; vice-president, Barbara Casperson; secretary, Florence Nunkey and treasurer, Carol Brown.

The girls have made pins with their picture and name for each. The girls passed a motion to send a sunshine basket to any girl who is ill for any length of time. A discussion was held on different items the girls are to decide to make as Christmas gifts for their mothers.

Levitt Buys the Davis  
Dwelling at Emilie

EMILIE, Aug. 29 — The six-room dwelling and a small building on the 1/2 acre tract belonging to Mrs. Anna Davis was sold last week to Levitt and Sons, Inc. The property is located on Emilie-Fallsington road.

Mrs. Davis has owned the tract approximately three years, prior to that the Rockhill family, resided there for a number of years. Mrs. Davis anticipates purchasing a dwelling in Edgely within the next three months.

Mrs. D. P. Blanchard, Sr.,  
Dies in Falls Township

FALLS TWP., Aug. 29 — A native of Harrisburg, Mrs. Cora Helen Blanchard, 32, (nee Houdeshell) died last evening at her late residence, Lincoln highway, where she had resided the past five years.

Mrs. Blanchard, a former resident of Phila., had been in ill health one year and eight months, the past five months of which she had been bedfast.

Survivors include: husband, Dixon Parker Blanchard, Sr.; parents, Mr. and Mrs. Clarence A. Houdeshell, Harrisburg; two children, Dixon P., Jr., 14 years; Nancy Lee, eight years; two sisters: Mrs. Frederick Hammer, Phila.; Mrs. Joseph Swenson, Camp Hill.

Private service will be held Tuesday at eight p. m. at Faust funeral home, Humeville. There will be no viewing. Interment will be made in Prospect Hill Cemetery, Harrisburg, Wednesday at the convenience of the family.

Wedding and Birthday  
Anniversaries Marked

On Thursday afternoon, Mr. and Mrs. Charles D. Sanford, Bristol Terrace I, were guests of honor at "Sea Breeze", the summer home of their relatives, Mr. and Mrs. H. A. Meyers, Jr., Atlantic City, N. J.

A double celebration took place. A luncheon was served at one o'clock, the hour they took their marriage vows, Aug. 28, 1914, in Phila.; also, the birthday anniversary of Mr. Sanford.

The couple received gifts, flowers, cards from relatives and friends. They are enjoying a ten-days vacation.

TO VOTE ON TOWNSHIP  
STATUS IN BENSLEM

Voters Will Receive Separate Ballot to Indicate Preference

## ELECTION TO BE NOV. 4

The decree for submitting the question to the voters in the district as to whether Bensalem Township will become a first-class township has been handed down by Judge Edward G. Blester, associate judge of Bucks County Courts, according to Harold S. Hellyer, clerk of the Board of Elections.

Ballots listing the question are now being printed and will be passed out to the voters at the Nov. 4 elections, stated Hellyer.

At the polls each of the voters will be handed two ballots—one for the candidates listed for the general election, and the other—a separate ballot—on which is printed the question of whether to make Bensalem a first class township together with a space for the voter to mark "yes" or "no".

Should the voters decide to make Bensalem a first-class township, the township will go under that form of government the first Monday of January, 1953, at which time the office of the present supervisors will cease to exist.

Under the new form of government the administrative body of the township would be composed of five commissioners rather than the present three supervisors.

It is expected that these five commissioners would be appointed by the county judge for terms of one year, after which successive commissioners would be elected by the people of the township.

The decision to have the question as to whether Bensalem would be a first class township entered on the ballot came after Bensalem Taxpayer's association passed petitions through the township, according to Merritt Smith, Chairman of the Steering Committee of the Association.

The petitions, according to Smith, were sent to Doylestown with about twice as many names as the 2% required by law on such petitions.

LANDRETH MANOR HOUSE  
NUMBERS

The residents of Landreth Manor will be assigned house numbers in order to facilitate the delivery of their mail. Mrs. B. P. Gough, chairman of the Bristol Township Civic Association mail committee states that Mrs. Douglas Chilton and Sidney Brett are the committee members who will contact the residents in this area to notify them of their respective house numbers. As soon as the required streets signs have been listed, and manufactured, they will be installed by the township road crew.

## BABY DIES

MORRISVILLE, Aug. 29 — Sudden death occurred yesterday in a Trenton, N. J., hospital for Lawrence Jay, seven-months-old son of Percy P. and Elaine L. Long VanAken. Death is attributed to pneumonia. The child is also survived by his grandparents, the Rev. and Mrs. Boyd M. Long, Trenton; and Mr. and Mrs. Percy P. Van Aken, Sr., here.

HUSBAND AND WIFE KILLED IN ACCIDENT  
ON STREET ROAD NEAR WARRINGTON;  
DRIVER OF CAR SUSTAINS INJURIES

A man and his wife were killed and a woman motorist injured in an accident during the past 24 hours in Bucks County. The accident in which two were killed and one injured occurred five miles south of Doylestown. The fatal crash occurred yesterday afternoon when a light delivery truck and an automobile crashed.

The couple, who suffered broken necks in the accident, were identified by State Police of the Doylestown sub-station, as John Sylanski, 62, and his wife, Mary, also 62, of 2541 Rosemont ave., Ardmore, Montgomery county.

They were passengers in an automobile driven by a relative, Mary Sylanski, 58, of Chalfont, RDI. She is in Doylestown Hospital suffering multiple bruises and abrasion of the face and body. Her condition is not serious.

State police said that Mrs. Sylanski, a sister-in-law of the dead man, was driving south on Street rd. at Warrington, when her automobile collided head-on with the truck operated by Willard Worthington, 29, of Silverdale, near Doylestown. Worthington was not injured.

Sylanski was a cook in the Linton restaurant chain, and his wife was employed as a waitress by the same firm.

Coroner Russell Jacob T. Ferris, of Bucks county, issued a certificate of accidental death. Both Mrs. Sylanski and Worthington, were held on a technical charge of manslaughter. They will have a hearing before Justice of the Peace Harold Holbert, of Warrington, as soon as the woman recovers from her injuries.

TREVOSE, Aug. 29 — Routine business featured the regular monthly meeting of the Bucks County Police Association last night at LaTrappe Hotel.

Dinner, which was served to 31 members and guests at seven p. m. by the hotel management, consisted of tomato juice, roast turkey with stuffing, mashed potatoes, peas, cranberry sauce, radishes, celery, olives, rolls, ice cream, cookies and coffee.

Following dinner, Clarence K. Wenhold, association president, Quakertown, opened the business meeting by having Franklin Shelly, secretary, also of Quakertown, read the minutes of the July meeting. C. Clifford Beck, treasurer, Doylestown, reported a balance of \$299.62 in the treasury.

Arthur M. Eastburn, Jr., solicitor for the organization, reported on details of plans for incorporating the association. The same name will be retained, Eastburn presented to the group articles of incorporation, the application for a charter, and asked corporation committee members to stop at his office in Doylestown to sign the necessary papers that must be ready for presentation to September court.

Wenhold described the work connected with providing a 75-foot rifle range at Edison for the county.

SCHOOL DIRECTORS'  
PROBLEMS EXPLAINED

James Carnwath, Member of  
The Council Rock Board,  
Speaks To Businessmen

## SESSION AT NEWTOWN

NEWTOWN, Aug. 29 — James Carnwath, member of Council Rock school board, was speaker at the Newtown Businessmen's Ass'n meeting Tuesday evening in the Temperance House, with Stanley B. Sutton, Jr., president, conducting the meeting.

Mr. Carnwath explained problems encountered preliminary to the building of a school such as is planned by Council Rock board on Richboro road. "Many are the delays in the decisions which must come from the State Department at Harrisburg, and costs rise in the meantime."

"The architect's original estimate for the construction of the building was \$300,000 and now it has reached \$532,000. The capacity will be for 900 students for the present, but the building has unlimited capacity for expansion, it will house grades from the 7th through 12th."

"It is hoped construction may be started this fall and the building be ready for use in 1953. For the time being, the auditorium has been dispensed with, in favor of a gymnasium."

At the meeting, Sept. 23d, Ralph Caldwell, Rushland, will project slides and show how the face-lifting of the store fronts in Newtown can be done, and how the general appearance could be improved, yet retain the colonial atmosphere.

## THE KEENE FUNERAL

Girl Says Three Youths Abducted Her, Drove to Bucks  
County and Attacked Her

Philadelphia—Police searched today for three youths who abducted and criminally assaulted a 13-year-old girl last night in northeast Philadelphia.

The victim was then thrown from the car. A passing motorist took her to Frankford hospital.

She told police the youths forced her into the car, then took her to an isolated point in Bucks Co. where two of them attacked her.

Hospital attendants said the girl suffered bruises of the face and body and was hysterical from shock.

LIONS RAISE \$950  
FOR MURPHY FUND

Check for \$951.03 Turned  
Over to Terchon Post  
Representative

## BURGESS IS SPEAKER

A near record meeting of Bristol Lions Club was held last evening in the Moose Home, with 45 members in attendance.

Dr. P. M. Vassaluzzo, president of the local chapter, presided.

The focal point of the meeting was presentation of over \$950, to the "Mike Murphy Fund". President Vassaluzzo, at this point introduced Dr. Philip Corn, who acted as chairman for the Lions in the drive.

The check was turned over to Maurice Wildman, representing the Terchon Post, V. P. W. Mr. Wildman has been very active throughout the campaign as general chairman of the drive.

In presenting the check, Dr. Corn said, "It is with much pleasure and a grand feeling of pride that I have been associated with this campaign. The spontaneous response from every member of our club has been most gratifying. Being instrumental in raising this money has been a real pleasure, and I feel sure that when the need arises again, your Lions can always be depended on to do their share."

It was Mr. Wildman's responsibility in leading the drive, which comes now to an official close. Mr. Wildman stated, "The Bristol Lions have this day shown good reason for their existence. The fact that this is a new club, and the manner in which you approached this emergency, is double proof that Bristol needs you, that you as a worthwhile organization will prosper."

LIFEGUARD SERVICE  
AT BEACH TO END

The Bristol Blood Donors will cease lifeguard protection at Silver Lake Beach on Monday at six p. m. Since June 8th the Blood Donors treated 186 cases and transported 38 patients to the hospital from the lake.

Nurses have been in attendance every Saturday, Sunday and holiday. Lifeguards were paid by the Blood Donors organization, and were on duty every day from 12 to 6 p. m.

The closing of the beach will be marked by a flag-raising ceremony by the Girl Scouts and Boy Scouts of troops from Bristol and Bristol township. Boys and girls of all ages are invited to participate in games. Prizes have been donated by Mill Street Businessmen's Association.

There will be a water safety and life saving demonstration by 2 professional Red Cross teams. Students of the Coyne Dancing School will give an acrobatic dance.

There will also be a pie-eating contest, freckle contest, burlap bag race, bubble gum contest, tug-of-war and a "shoe-pile".

Judges will be nurses, members of Bristol Blood Donors, and Bucks County Rescue Squad. Music will be furnished by H. Schmidt.

Money Will Finance Construction of John Fitch School  
and 4-Room Addition to Delhaas High School—Contract for Purchase of Over 17 Acres from Levitt  
Firm at \$52,573 in Levittown is Concluded.

Bristol Township School District Municipal Authority last night at Delhaas high school accepted the negotiated bid of a syndicate of financial houses for the sale of \$1,000,000 in Authority bonds. Members of the township school board attended the meeting as guests of the Authority.

Moneys derived from the sale will finance the construction of the John Fitch school and the four-room addition to the Delhaas high school.

The contract for the purchase of 17.5794 acres of ground from Levitt & Sons, Inc., at the cost of \$52,573.80 in the Stonybrook section of Levittown as a site for the John Fitch school, has been concluded.

All bids for the construction of the George Taylor School, Croydon, have been rejected.

James W. Heward of the Municipal Department of Butcher and Sherrerd bid on the bond issue as manager in behalf of the syndicate of financial houses composed of Butcher and Sherrerd, Phila.; Dolphin and Co., Phila.; Goldman-Sachs and Co., N. Y.; Blair Rollins and Co., N. Y.; and Fauset and Steele and Co., Pittsburgh.

Townsend, Elliott and Munson, Phila., acted as financial advisors. John P. Betz, Jr., is attorney for the Authority.

With funds from the sale of the bonds the Authority will pay construction costs of the John Fitch school and the four-room addition to the Delhaas high school. The addition is presently under construction.

The bids for construction of the John Fitch School were awarded as follows: E. H. Keefe and Son, Phila., General Construction including all alternates, \$523,100 (a figure almost identical with that previously published by the Courier the night following the opening of the bids); Automatic Sprinkler Co., Lansdale, Heating with no alternates, \$77,930; Automatic Sprinkler Co., Lansdale, Plumbing with no alternates, \$79,935; Ace Electric Service, Phila., Electrical with no alternates, \$68,454. Total cost for construction of the building, \$759,419.

The bids for the bonds were received on a negotiated basis rather than a competitive basis, because the offer on the negotiated basis was so attractive in cost and estimate time required for the sale of the bonds, according to Albert Smith, Secretary of the Authority. Trustee of the bond issue is the Commerce National Bank of Bristol.

Ground for the John Fitch School has been purchased from Levitt and Sons at a cost to the Authority of \$52,573.80. This figure represents an almost \$32,000 drop from the \$84,368.10 price asked by Levitt, July 18, according to Smith.

Smith said that the original asking price was stated at the time to be the lowest possible offer and was stated to have contained no profit to the Levitt Corporation on the sale. The location of the site will be the originally proposed site in the Stonybrook section of Levittown. Levitt, as a condition of sale has agreed to restore to the ground its natural topography by removing debris and fill dirt which has accumulated on the ground at the proposed school's site. Work on the school is expected to start as soon as possible following the completion of the sale of the bonds.

The authority was forced to reject all bid for construction of the George Taylor School because the construction costs exceeded the state average of \$1.06 per cubic foot, according to Smith.

In order to comply with the state requirements on cubic - footage costs, said Smith, it will be necessary to re-design the George Taylor School so that contractors will be

**WHIRLWIND REAPERS**  
As for price control, the way to achieve it is to control money and credit and give every possible encouragement to production. Along those lines the administration is "reaping the whirlwind" following the government-created steel strike.  
The packinghouse workers are threatening to get off the production beam. The steel boys got theirs when the government itself broke stabilization, prices are rising and now the meat workers want higher wage increases than management is willing to grant.  
If there is a strike against the big meat packers, markets for farm livestock will suffer, meat will become scarce and higher in price, animals will be processed in uneconomical plants and it will be more difficult to inspect for health purposes. Parts of the animals used for medicine and other essential needs will be wasted and America will be in the midst of another mess without any legitimate reason.  
Had the government been willing to hold the stabilization line, labor and management could have come to agreement within the pattern, production would have continued and there would have been no pressure on prices. But the administration feared possible voting penalties by big groups if favors were withheld.  
Now the country is off again on another ride, with the delinquent keepers of government policy voicing the shabby alibi of "profiteering." As for that, wages are major cost items and inevitably demand higher prices or business goes broke absorbing them.  
Too many in Washington seem to think a tax cut is the unkindest cut of all.  
Great men formerly left footprints on the sands of time. Now they leave diaries and "memorials" to themselves.  
Good neighbor manners are never better than in the spring when a man figures he may have to borrow a lawn mower.  
Many a shopper, in the face of other food prices, is frequently astonished by the number of parsnips he can buy for a quarter.

able to submit figures below the state-average cubic-footage costs.  
Reason given by the Authority for the over-average figures submitted by the contractors was that the labor market in the area calls for a higher wage than is the state average, and therefore the average figure should not apply in this area.  
Then too, the Taylor School was designed with future additions in mind and according to Smith, the state does not reimburse local authorities for "future additions".  
Indicative of the high cost of construction in the area is the fact, according to William Vetter, President of the School Board, that "schools in identical design in areas where construction costs, and particularly the labor market, is not so high, are bid in at amounts ranging up to eight cents less per cubic foot."  
Joseph Wigmore, Phila., architect of the school, will re-design the building so that bids may come in under the state-average figure. The total time estimated by the Authority for the re-design, approval of the plans, advertising of bids, acceptance of bids and financing the construction of the school is estimated by the Authority to be two months.

**WHIRLWIND REAPERS**  
As for price control, the way  
to achieve it is to control money  
and credit and give every possible  
encouragement to production.  
Along those lines the administra-  
tion is "reaping the whirlwind"  
following the government-created  
steel strike.

The packinghouse workers are  
threatening to get off the produc-  
tion beam. The steel boys got  
theirs when the government itself  
broke stabilization, prices are ris-  
ing and now the meat workers  
want higher wage increases than  
management is willing to grant.

If there is a strike against the  
big meat packers, markets for  
farm livestock will suffer, meat  
will become scarce and higher in  
price, animals will be processed in  
uneconomical plants and it will  
be more difficult to inspect for  
health purposes. Parts of the ani-  
mals used for medicine and other  
essential needs will be wasted  
and America will be in the midst  
of another mess without any legiti-  
mate reason.

Had the government been will-  
ing to hold the stabilization line,  
labor and management could have  
come to agreement within the pat-  
tern, production would have con-  
tinued and there would have been  
no pressure on prices. But the  
administration feared possible  
voting penalties by big groups if  
favors were withheld.

Now the country is off again  
on another ride, with the delin-  
quent keepers of government  
policy voicing the shabby alibi of  
"profligating." As for that, wages  
are major cost items and inevit-  
ably demand higher prices or  
business goes broke absorbing  
them.

Too many in Washington seem  
to think a tax cut is the unkindest  
cut of all.

Great men formerly left foot-  
prints on the sands of time. Now  
they leave diaries and "memor-  
ials" to themselves.

Good neighbor manners are  
never better than in the spring  
when a man figures he may have  
to borrow a lawn mower.

Many a shopper, in the face of  
other food prices, is frequently  
astonished by the number of pars-  
nips he can buy for a quarter.

## Promised Steel For New School

Continued on Page Three  
in view of the difficulty which faces suppliers in replacing their stocks, said a spokesman for the board.

And, continued the spokesman in view of the favorable construction contract which the board had received, and the exceptional good fortune of the board in being able to purchase the ground site for only \$59,000 from the Rohm & Haas company, the board felt that the steel should be acquired from warehouse stock even if there were a slight cost which would be offset by the savings to the school in the matter of transportation and bond interest. Additional cost to purchase warehouse steel was estimated at \$5,000. Savings by having the school erected according to schedule, said spokesmen, is estimated to be \$15,000.

Those present at the meeting included representatives of the Authority, School Board, members of the architectural firm which designed the school, engineering consultants and representatives of the Reading Metal Craft firm, together with the attorney for the school board and Authority.

## Co. Police to Incorporate into An Association

Continued from Page One  
police. The association can make use of this spot by helping the Fish and Game Commission with the construction.

Members present last evening voted to adopt an association emblem that reads "Members Bucks Co. Police Ass'n." and can be placed on automobiles. The organization will sell these emblems to the active members who will return them if they ever become disassociated from the county police. Identifying numbers will be stamped into the metal on the back of the emblem.

Chief Robert Waterson, Lower Makefield, read to the group certain grievances which were discussed, with no solution, by the members. They concerned extra pay and mileage involved in taking prisoners to Doylestown while off duty and the taking of out-of-state violators

directly to the justice of the peace in opposition to state law.

Those present were reminded of the fourth annual clambake, to be held from one to seven p. m. on Sunday, September 7, at the Paul Heistand Grove in Spinnerstown.

The next regular meeting of the association will be held on the last Thursday in September in Quakertown, at a spot to be announced later.

## Promised Steel For New School

Continued from Page Three

In view of the difficulty which faces suppliers in replacing their stocks, said a spokesman for the board, And, continued the spokesman in view of the favorable construction contract which the board had received, and the exceptional good fortune of the board in being able to purchase the ground site for only \$59,000 from the Rohm & Haas company, the board felt that the steel should be acquired from warehouse stock even if there were a slight cost which would be offset by the savings to the school in the matter of transportation and bond interest. Additional cost to purchase warehouse steel was estimated at \$5,000. Savings by having the school erected according to schedule, said spokesmen, is estimated to be \$15,000.

Those present at the meeting included representatives of the Authority, School Board, members of the architectural firm which designed the school, engineering consultants and representatives of the Reading Metal Craft firm, together with the attorney for the school board and Authority.

## Co. Police to Incorporate Into An Association

Continued from Page One

The association can make use of this spot by helping the Fish and Game Commission with the construction.

Members present last evening voted to adopt an association emblem that reads "Members Bucks Co. Police Ass'n." and can be placed on automobiles. The organization will sell these emblems to the active members who will return them if they ever become disassociated from the county police. Identifying numbers will be stamped into the metal on the back of the emblem.

Chief Robert Waterson, Lower Makefield, read to the group certain grievances which were discussed, with no solution, by the members. They concerned extra pay and mileage involved in taking prisoners to Doylestown while off duty and the taking of out-of-state violators

directly to the justice of the peace in opposition to state law.

Those present were reminded of the fourth annual clam bake, to be held from one to seven p. m. on Sunday, September 7, at the Paul Holstead Grove in Spinnerstown. The next regular meeting of the association will be held on the last Thursday in September in Quakertown, at a spot to be announced later.

#### Truth

One of the deepest cravings of the human heart is to know the truth. If only the truth could be known, there would be an end to the agony of uncertainty. Man has speculated much about such eternal questions as: Is there a God? Is there a life beyond the grave? Why am I living?

In such questions it is necessary to know the truth. Theories do no good. I need the truth. And this truth I have found in Christ Jesus. From Him and the sacred pages of His Word I have learned the truth about the origin and destiny of man. I have learned that man is a creature, richly endowed and gifted by God, but ruined because of voluntary sin. I have learned that man, as far as his natural abilities are concerned, is utterly corrupt, completely helpless and if left to himself, doomed to an eternal separation from his Maker in Hell.

But I have also learned from Christ that God loved the world so much that He sent His Son to pay the penalty of mankind's guilt and thereby earn salvation for all. This gives me a purpose in life. Although I cannot understand all the things of life, in Christ I am complete and am assured of His guidance and protection. And at the end of life's journey I know that Christ will meet me so that I can be with Him eternally.

end at Minersville, and their sons will return to Bristol with them.

LEVITTOWN, Aug. 29—Harold and Carole Weinstein, with their two children, are residents of No. 1 Shade Tree Lane.

The family came here from Trenton, N. J., where Weinstein operates his own television installation and service shop — Alliance TV.

The two children have pleasing names — Terri Linda, 3 years of age, and Scott Steven, four months. Weinstein, according to his wife, enjoys fishing very much. Her hobby, as she puts it, is "spending money." She says she can find plenty of ways to spend it but she doesn't always have it to spend.

The Weinsteins have several major home projects in mind. One is to put in a cement patio between the house and the carport, with a screen-in porch. They also

want to install sliding doors on all of the closets as they don't like the bamboo screens.

#### Truth

One of the deepest cravings of the human heart is to know the truth. If only the truth could be known, there would be an end to the agony of uncertainty. Man has speculated much and philosophized much about such eternal questions as: Is there a God? Is there a life beyond the grave? Why am I living?

In such questions it is necessary to know the truth. Theories do no good. I need the truth. And this truth I have found in Christ Jesus. From Him and the sacred pages of His Word I have learned the truth about the origin and destiny of man. I have learned that man is a creature, richly endowed and gifted by God, but ruined because of voluntary sin. I have learned that man, as far as his natural abilities are concerned, is utterly corrupt, completely helpless and if left to himself, doomed to an eternal separation from his Maker in Hell.

But I have also learned from Christ that God loved the world so much that He sent His Son to pay the penalty of mankind's guilt and thereby earn salvation for all. This gives me a purpose in life. Although I cannot understand all the things of life, in Christ I am complete and am assured of His guidance and protection. And at the end of life's journey I know that Christ will meet me so that I can be with Him eternally.

## SPORTSMEN'S BRIEFS

By KEN JENKS  
(Pinch Hitting for Joe Riberson)

Again this year Pennsylvania will have a doe deer season. The season will be a three day one on Monday, Tuesday and Wednesday, December 15th, 16th and 17th. Last year the Game Commission was disappointed with the number of antlerless deer harvested, which is recorded at 38,000 and hope this year the figures will run as high as 50,000. Special licenses which will be made available through the offices of the County Treasurer will total 224,600 and is 340 less than the number issued last year.

Empty cartridge or shell cases when left strewn on the ground at the spot where shooting occurred is one way Mr. Hunter is passing up a good opportunity to practice safety and conservation measures.

Retrieve a couple of these cases and carry them in your pocket. They make excellent containers for the stuffing of cigarette butts. Such precautions help prevent the hazards of grass or forest fires, a great many of which are ignited by the carelessly discarded cartridges.

The fellows who enjoy punching little round holes in small circles at fifty feet with 22's are still going strong Monday nights at the YMCA range. Keen competition exists among the boys and some very good scores are being produced. "Ken" Bailey consistently posts scores in the high 90's to maintain his rating as the "man to beat". Some of the shooters are, however, pushing Bailey tightly and occasionally squeeze in to take the honors.

Ground hog hunters will be glad to know that these "critters" will be now legal game eleven months of the year. The only closed season will be the month of October.

Who lost the fish????????? A certain group of five or six fishermen are looking rather sheepishly at each other when they chance to meet since their trip to Barnegat last week-end. This sense of guilt which they feel springs from losing their fish bag and no one wishing to assume full responsibility for the accident. The bag contained the morning's catch of nine fluke which included a dandy 4-pounder.

The loss occurred when the bag was left to drag while the boat was moving to a new location 100 yards or so away. Anyone or everyone might be considered negligent but it is understood that "Ben" Sheetz

UHLAND BLANKS  
AUTO BOYS FOR  
KAISER METAL

Charlie Uhlend blanked Auto Boys for the Kaiser Metal team last evening in the opening game of the semi-final playoffs of the Bristol Softball League. Final score was 6-0.

The second game of the series will be played this evening on Memorial field. The third game, if necessary, will be played on next Tuesday evening. Nick Lomma will hurl for Auto Boys this evening with "Chick" Stansky doing the throwing for Kaiser.

Uhlend held the Mill Streeters to four hits in issuing them their seven goose-eggs. Two of the hits were beat out rollers by Chuck Klein and Johnny Ciambella while Johnny Frank and Lou Pezzullo had clean hits.

Tony Cauti was the only Auto Boys player to get as far as third base. He reached the hot corner on a wild pitch after walking and being sacrificed to second by Frank.

Ciambella had Kaiser well in check for three frames, shutting it out and holding it to one hit. But in the fourth, Sammy Sottile caught hold of a pitch to his liking and walloped it to deep centerfield for a home run. Frank Barbetta was on base at the time.

The 2-0 lead was good until the sixth when the aircraft workers put the game on ice with a trio of tallies. Stockton singled and went to second on a wild pitch. He scored on Barbetta's single to center. Barbetta went to second on a wild pitch and crossed the plate on Charlie Simmons' long triple to center. Simmons scored on a passed ball.

The sixth and final run was manufactured in the seventh. Uhlend made his second bingle, a hit to center. He was sacrificed to second by Lou Sassi, and scored on an error.

Barbetta and Uhlend had two hits each for Kaiser Metal with Steve Clotti playing a nice game afield for Auto Boys.

GOUZA PITCHES A  
NO-HIT, NO-RUN GAME

Jan Gouza pitched a no-run no hit game last evening as Bristol Boys Club entered the final round of the Lower Bucks County Youth League. The Boys Club beat West Bristol, 2-0, in the second game of their series.

Only two West Bristol players reached base during the tilt. Gouza walked a batter while another got on via an error. Only twenty batters faced Gouza as he whiffed seven.

Bill Barkasy was outstanding for the winners as he handled six chances at short and started two twin-killings. At the plate, he had two for three.

Bristol Boys Club scored in the first on a walk to Katz, a fielder's choice, and Pat Dougherty's double. In the second frame, Gouza walked, advanced to second on Pierre's

grounder, advanced to third on Brescia's hit and crossed the plate on Rago's single.

In the absence of Manager Bob Coles, the Bristol Boys Club was managed by his son, Jimmy Coles, with the assistance of George Dougherty.

# SPORTSMEN'S BRIEFS

By KEN JENKS  
(Pinch Hitting for Joe Wilberson)

Again this year Pennsylvania will have a doe deer season. The season will be a three day one on Monday, Tuesday and Wednesday; December 15th, 16th and 17th. Last year the Game Commission was disappointed with the number of antlerless deer harvested, which is recorded at 38,000 and hope this year the figures will run as high as 50,000. Special licenses which will be made available through the offices of the County Treasurer will total 224,800 and is 340 less than the number issued last year.

Empty cartridge or shell cases when left strewn on the ground at the spot where shooting occurred is one way Mr. Hunter is passing up a good opportunity to practice safety and conservation measures.

Retrieve a couple of these cases and carry them in your pocket. They make excellent containers for the stuffing of cigarette butts. Such precautions help prevent the hazards of grass or forest fires, a great many of which are ignited by the carelessly discarded cartridges.

The fellows who enjoy punching little round holes in small circles at fifty feet with 22's are still going strong Monday nights at the YMCA range. Keen competition exists among the boys and some very good scores are being produced. "Ken" Bailey consistently posts scores in the high 90's to maintain his rating as the "man to beat". Some of the shooters are, however, pushing Bailey tightly and occasionally squeeze in to take the honors.

Ground hog hunters will be glad to know that these "critters" will be now legal game eleven months of the year. The only closed season will be the month of October.

Who lost the fish????????? A certain group of five or six fishermen are looking rather sheepishly at each other when they chance to meet since their trip to Barnegat last week-end. This sense of guilt which they feel springs from losing their fish bag and no one wishing to assume full responsibility for the accident. The bag contained the morning's catch of nine fluke which included a dandy 4-pounder.

The loss occurred when the bag was left to drag while the boat was moving to a new location 100 yards or so away. Anyone or everyone might be considered negligent but it is understood that "Ben" Sheets

was sitting at the back of the boat in an excellent position to have lifted the bag from the water as the boat got underway thus preventing this disastrous mishap.

We hear through the grapevine that "Ollie" Hobbs lost a nice striped bass at Point Pleasant last week. He claims he let it get off the hook to grow a little bigger for next year. This sounds like a very familiar story heard many times—better luck next time, Ollie.

## GOUZA PITCHES A NO-HIT, NO-RUN GAME

Jan Gouza pitched a no-run no hit game last evening as Bristol Boys Club entered the final round of the Lower Bucks County Youth League. The Boys Club beat West Bristol, 2-0, in the second game of their series.

Only two West Bristol players reached base during the tilt. Gouza walked a batter while another got on via an error. Only twenty batters faced Gouza as he whiffed seven.

Bill Barkasy was outstanding for the winners as he handled six chances at short and started two twin-killings. At the plate, he had two for three.

Bristol Boys Club scored in the first on a walk to Katz, a fielder's choice, and Pat Dougherty's double. In the second frame, Gouza walked, advanced to second on Piero's

grounded, advanced to third on Brescia's hit and crossed the plate on Rago's single.

In the absence of Manager Bob Coles, the Bristol Boys Club was managed by his son, Jimmy Coles, with the assistance of George Dougherty.

## UHLAND BLANKS AUTO BOYS FOR KAISER METAL

Charlie Uhl and blanked Auto Boys for the Kaiser Metal team last evening in the opening game of the semi-final playoffs of the Bristol Softball League. Final score was 9-0.

The second game of the series will be played this evening on Memorial field. The third game, if necessary, will be played on next Tuesday evening. Nick Lomma will hurl for Auto Boys this evening with "Chick" Stansky doing the throwing for Kaiser.

Uhl and the Mill Streeters to four hits in losing their seven goose-eggs. Two of the hits were beat out rollers by Chuck Klein and Johnny Ciambella while Johnny Frank and Lou Pessullo had clean hits.

Tony Cauti was the only Auto Boys player to get as far as third base. He reached the hot corner on a wild pitch after walking and being sacrificed to second by Frank.

Ciambella had Kaiser well in check for three frames, shutting it out and holding it to one hit. But in the fourth, Sammy Sottile caught hold of a pitch to his liking and walloped it to deep centerfield for a home run. Frank Barbetta was on base at the time.

The 2-0 lead was good until the sixth when the aircraft workers put the game on ice with a trio of tallies. Stockton singled and went to second on a wild pitch. He scored on Barbetta's single to center. Barbetta went to second on a wild pitch and crossed the plate on Charlie Simmons' long triple to center. Simmons scored on a passed ball.

The sixth and final run was manufactured in the seventh. Uhl and made his second bingle, a hit to center. He was sacrificed to second by Lou Sassi, and scored on an error.

Barbetta and Uhl had two hits each for Kaiser Metal with Steve Clotti playing a nice game afield for Auto Boys.
